

Child Protection and Safeguarding Policy

Policy review

The policy will be reviewed in full by the Governing Body on an annual basis. The policy was last reviewed and agreed by the Governing Body on September 2021. It is due for review on September 2022.

1. Introduction

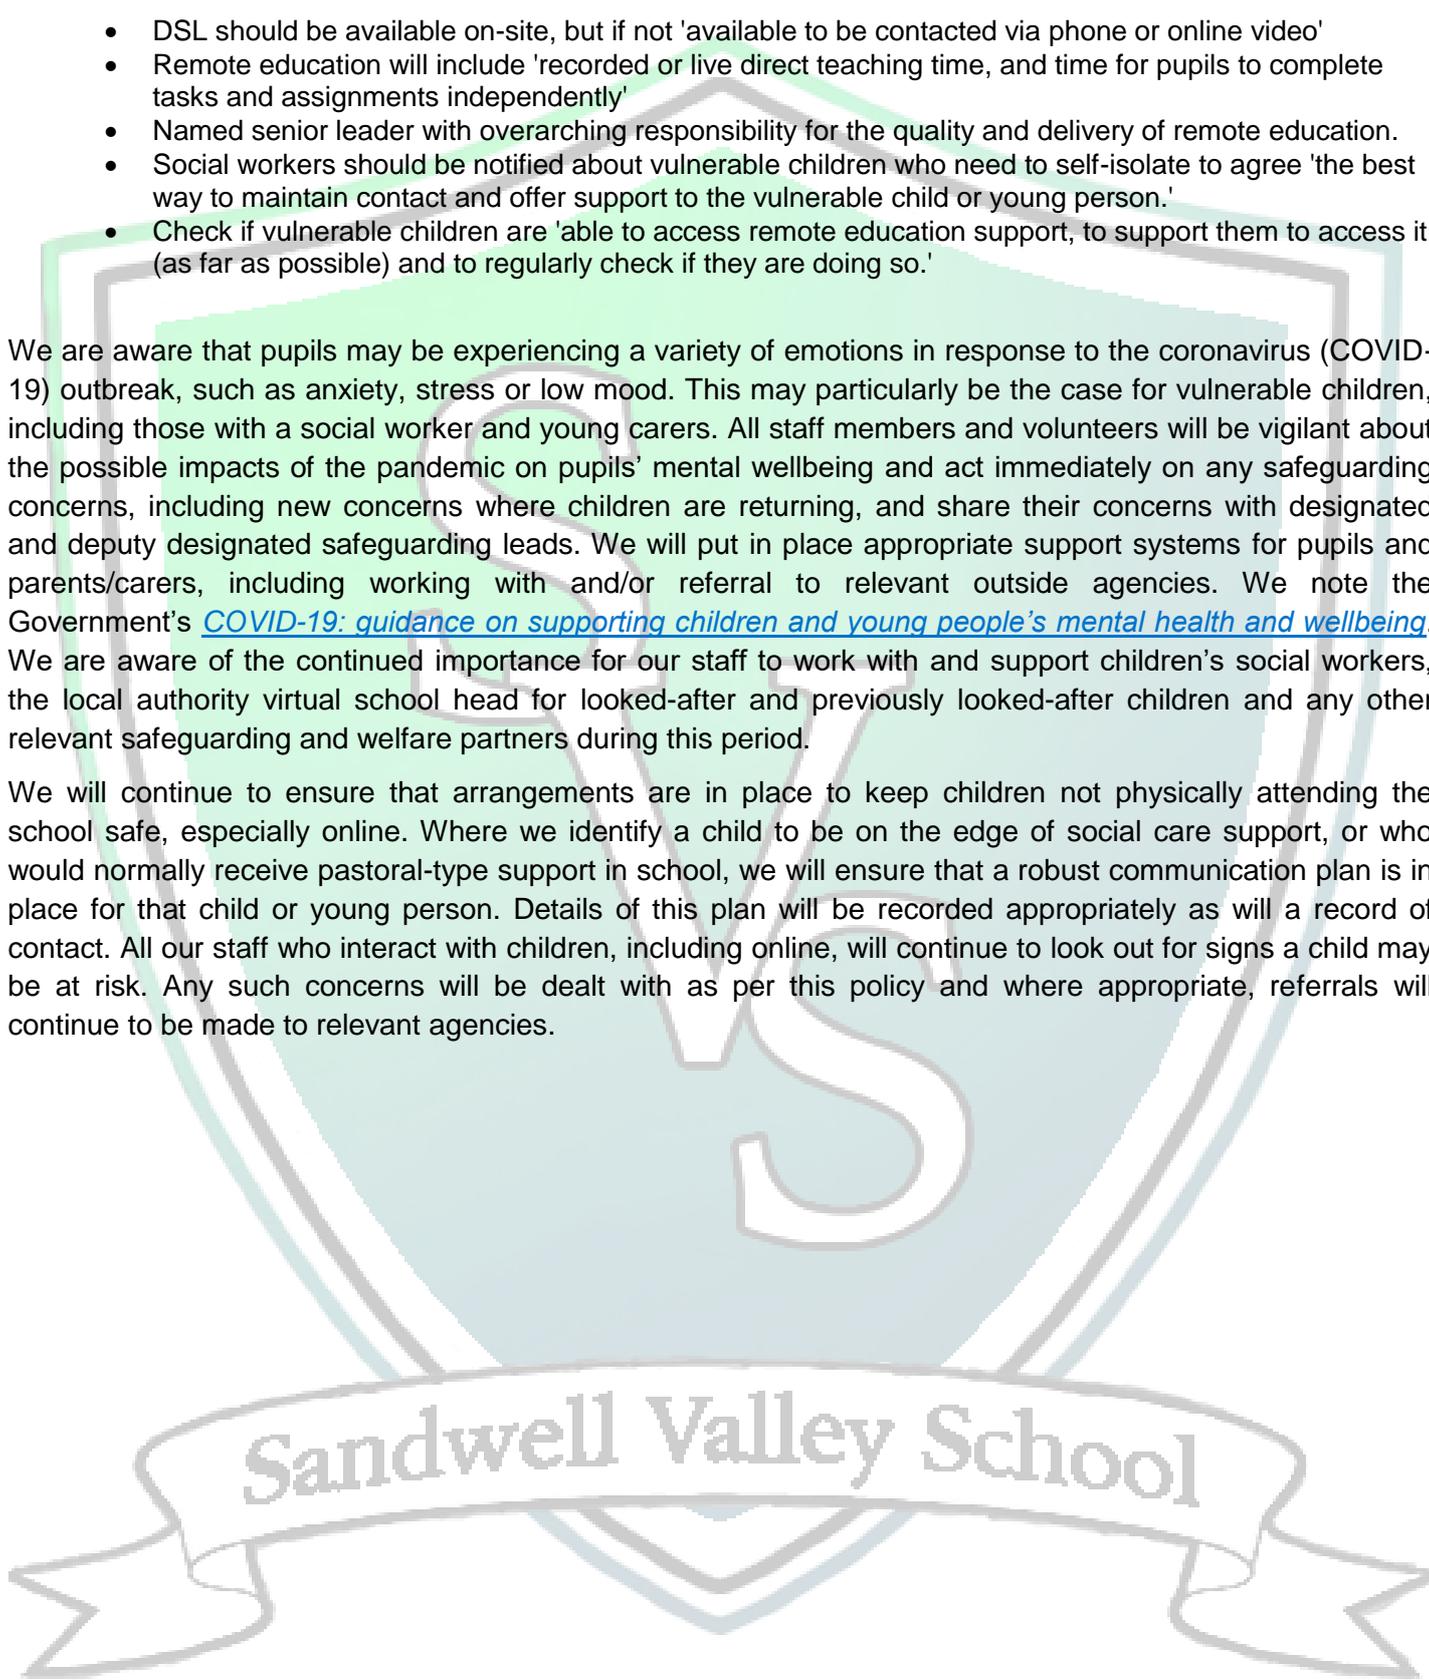

- 1.1 This document is the Safeguarding and child protection Policy for Sandwell Valley School and any extended services that it provides.
- 1.2 This policy applies to all staff (teaching and non-teaching), governors and volunteers, temporary and supply/visiting staff working in the school. It will be reviewed annually by the Governing Body, and is in line with the expectations of Ofsted/ISI which inspects safeguarding arrangements as part of the school's Leadership and Management and the requirements of the Local Multi Agency Safeguarding Arrangements
- 1.3 This Safeguarding and Child Protection Policy forms one part of our safeguarding responsibilities and the principles embedded in this policy should have due regard to the following policies: Safer Recruitment Policy, Behaviour Policy, Physical Intervention Policy, Anti-Bullying Policy, Mobile Phone Usage Policy, Health and Safety, PSHE, Sex and Relationship Education, Equal Opportunities, Special Educational Needs, Confidentiality, Attendance, Substance Misuse (including drugs and alcohol), Racism and Homophobia, Educational visits, E-safety, Combating Extremism, School Security, staff code of conduct, Acceptable Use of Technologies and any other relevant policies as defined in the Annual Report to the Governing Body.
- 1.4 Safeguarding and promoting the welfare of children is defined by the Department for Education as:
- protecting children from maltreatment
 - preventing impairment of children's health or development
 - Ensuring children are growing up in circumstances consistent with the provision of safe and effective care.
 - Taking action to enable all children to have the best outcomes.
- 1.5 Child protection is a part of safeguarding and promoting welfare. It refers to the activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.
- 1.6 Safeguarding and promoting the welfare of children is everyone's responsibility. All those who come in to contact with children and their families have a role to play in keeping children safe. In order to fulfil this responsibility effectively our school ensures their approach is child centred and have the best interests of the child at the heart of all action.
- 1.7 **COVID-19** - From January 2021, parents were asked to keep their children at home, wherever possible, and for schools to remain open only for those children of workers critical to the COVID-19 response. We adopted an addendum to our safeguarding policy based on the Local Authority's

guidance to reflect the move to remote education for most pupils. Below are the key features of the addendum:

- DSL should be available on-site, but if not 'available to be contacted via phone or online video'
- Remote education will include 'recorded or live direct teaching time, and time for pupils to complete tasks and assignments independently'
- Named senior leader with overarching responsibility for the quality and delivery of remote education.
- Social workers should be notified about vulnerable children who need to self-isolate to agree 'the best way to maintain contact and offer support to the vulnerable child or young person.'
- Check if vulnerable children are 'able to access remote education support, to support them to access it (as far as possible) and to regularly check if they are doing so.'

We are aware that pupils may be experiencing a variety of emotions in response to the coronavirus (COVID-19) outbreak, such as anxiety, stress or low mood. This may particularly be the case for vulnerable children, including those with a social worker and young carers. All staff members and volunteers will be vigilant about the possible impacts of the pandemic on pupils' mental wellbeing and act immediately on any safeguarding concerns, including new concerns where children are returning, and share their concerns with designated and deputy designated safeguarding leads. We will put in place appropriate support systems for pupils and parents/carers, including working with and/or referral to relevant outside agencies. We note the Government's [COVID-19: guidance on supporting children and young people's mental health and wellbeing](#). We are aware of the continued importance for our staff to work with and support children's social workers, the local authority virtual school head for looked-after and previously looked-after children and any other relevant safeguarding and welfare partners during this period.

We will continue to ensure that arrangements are in place to keep children not physically attending the school safe, especially online. Where we identify a child to be on the edge of social care support, or who would normally receive pastoral-type support in school, we will ensure that a robust communication plan is in place for that child or young person. Details of this plan will be recorded appropriately as will a record of contact. All our staff who interact with children, including online, will continue to look out for signs a child may be at risk. Any such concerns will be dealt with as per this policy and where appropriate, referrals will continue to be made to relevant agencies.

Sandwell Valley School

Purpose of a Safeguarding and child protection Policy	To inform all members of staff, parents, volunteers and governors about the school's responsibilities for safeguarding children and their responsibilities therein
Local Multi Agency Safeguarding Arrangements	<p>The school follows the procedures agreed by Sandwell's Children's Safeguarding Partnership</p>
School Staff & Volunteers	<p>School staff are well placed to observe the outward signs of abuse. The school will therefore:</p> <p>Ensure that all school staff and volunteers receive safeguarding children training, to help identify concerns in accordance with What to do if you are worried a child is being abused – Advice for practitioners</p> <p>Ensure that all staff is aware of this policy and those relating to the safeguarding of children</p>
Principles	<p>This school recognises its responsibility to protect and safeguard the welfare of the children and young people entrusted to its care by establishing a safe and trusting environment in which children can learn and develop. The policy applies to all children between the ages of 0-18 whose care and education comes within the remit of this school/college. (For some special schools, this age range goes beyond 18).</p> <p>The school creates a culture of safe recruitment and has adopted robust recruitment procedures outlined in Keeping Children Safe in Education 2020 statutory guidance for schools.</p> <p>The staff and Governing Body of this school are committed to establishing and maintaining an environment where children feel secure, are encouraged to talk, and are listened to. We will ensure that children know that there are adults in the school who they can approach if they are worried and that the principles of confidentiality are made clear to children and young people. The school promotes a positive, supportive and secure ethos, giving pupils a sense of being valued and understanding that their voice will be heard.</p> <p>This school also recognises its duty to work with other agencies in protecting children from harm and in responding to concerns about possible abuse, including the Police, Sandwell Children's Trust, Child and Adolescent Mental Health Services, Attendance & Prosecution Service, Inclusion Support Service and other agencies/services coming into school to support individual pupils/groups of pupils. This includes providing a coordinated offer of early help. School ensures that all staff understand the early help process and recognise the factors that make children more at risk of poor outcomes including poverty, stigma and isolation which may be brought about by factors such family members in prison, homelessness. Take timely action to support early intervention if they have concerns.</p> <p>We are fully compliant and promote Operation Encompass, which is a police and Education early intervention safeguarding partnership that supports children and young people exposed to Domestic Abuse. It aims to ensure Schools are notified in</p>

a timely manner of any Domestic Abuse incident where children are present or registered at the address. This includes ensuring all parents/carers are aware we are part of this initiative via newsletters, prospectus, school website and induction.

All staff receive safeguarding and child protection training at induction. Temporary staff and volunteers will be made aware of policies including child protection, staff code of conduct and acceptable use of technologies including social media as part of their induction.

To ensure that children who are subject to multi-agency plans are supported by the school as defined in that plan.

We are fully committed to safeguarding the welfare of children in care, previously looked after children and care leavers.

To develop and deliver the PSHE curriculum to create opportunities for children to develop the skills they need to recognise and stay safe from harm including Domestic Violence and Abuse (DVA), Child exploitation including sexual and criminal, Serious violence, Trafficking, Gangs and knife Crime, Radicalisation, Female Genital mutilation (FGM), Honour based Abuse (HBA) and Forced Marriage (FM), Online/Social Media Safety. They will be supported to calculate risk and be made aware of the range of support available to them.

To encourage pupils to respect the fundamental British values of democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs. We ensure that partisan political views are not promoted in the teaching of any subject in the school and where political issues are brought to the attention of the pupils, reasonable practicable steps have been taken to offer a balanced presentation of opposing views to pupils

To contribute to children being healthy, safe, enjoying and achieving, making a positive contribution and achieving economic well-being.

The school will ensure that parents understand the responsibility placed on staff for child protection by setting out its obligations in the school prospectus. The school's child protection policy is made available to parents on request and published on the school website.

To ensure staff are aware that wider environmental factors could be present in a child's life that are a threat to their safety and/or welfare. Extra-familial harms takes a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence. This is known as Assessment of Risk outside the family home and needs to be considered in assessment for children and young people. To encourage pupils to respect the fundamental British values of democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs. We ensure that partisan political views are not promoted in the teaching of any subject in the school and where political issues are brought to the attention of the pupils, reasonable practicable steps have been taken to offer a balanced

	<p>presentation of opposing views to pupils</p> <p>To contribute to children being healthy, safe, enjoying and achieving, making a positive contribution and achieving economic well-being.</p> <p>To support the mental health and well-being of students and be able to identify when there are needs and consider when they become a safeguarding issue. We will follow referral processes to gain the support required to help keep the child safe.</p> <p>The school will ensure that parents understand the responsibility placed on staff for child protection by setting out its obligations in the school prospectus. The school's child protection policy is made available to parents on request and published on the school website.</p>
<p>Implementation, Monitoring and Review of the Safeguarding and child protection Policy</p>	<p>The Designated Senior Person will ensure that the school's child protection policy is put on the agenda of the Governing Body at least once a year for discussion, monitoring, review and renewal. School submits the Local Authority annual safeguarding audit (S175/157 Education Act 2002 audit) to evidence compliance with current legislative compliance, including any implications and learning from local, regional or national safeguarding issues.</p> <p>In this way the Governing Body authorises the DSP for Child Protection to carry out his/her responsibilities as outlined in the statutory Guidance.</p>

2. Definitions

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Sexting (also known as youth produced sexual imagery) is the sharing of sexual imagery (photos or videos) by children

Children includes everyone under the age of 18.

The following 3 safeguarding partners are identified in Keeping Children Safe in Education 2020 (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- The local authority (LA)
- A clinical commissioning group for an area within the LA
- The chief officer of police for a police area in the LA area

3. Legislation and statutory guidance

This policy is based on the Department for Education's statutory guidance [Keeping Children Safe in Education \(2020\)](#) and [Working Together to Safeguard Children \(2018 updated December 2020\)](#), and the [Governance Handbook](#). We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners. In order to safeguard and promote the welfare of children, the school will act in accordance with the following legislation and guidance:

[The Education Act 2002](#) (section 175/157) Section 175 of the Education Act 2002 requires local education authorities and the governors of maintained schools and further education (FE) colleges to make arrangements to ensure that their functions are carried out with a view to safeguarding and promoting the welfare of children. Section 157 of the same act and the Education (Independent Schools Standards) (England) Regulations 2003 require proprietors of independent schools (including academies and city technology colleges) to have arrangements to safeguard and promote the welfare of children who are pupils at the school.

[The School Staffing \(England\) Regulations 2009](#) which set out what must be recorded on the single central record and the requirement for at least one person conducting an interview to be trained in safer recruitment techniques

Part 3 of the schedule to the [Education \(Independent School Standards\) Regulations 2014](#), which places a duty on academies and independent schools to safeguard and promote the welfare of pupils at the school

[The Children Act 1989 \(and 2004 amendment\)](#) which provides a framework for the care and protection of children

[Sandwell Children's Safeguarding Partnership- Inter Agency Procedures](#) – regional Procedures

[Working Together to Safeguard Children](#) - "[Working Together to Safeguard Children](#)" (2018) requires all schools to follow the procedures for protecting children from abuse which are defined by Sandwell Multi Agency Safeguarding Arrangements and have appropriate procedures in place for responding to all concerns of actual or suspected abuse including allegations against members of staff in a position of trust. The best way to safeguard a child is through effective early help and prevention so it is important to carry out effective early help assessment and take on the role of the Lead Professional. Sandwell's multi-agency Threshold Document explains early help and expectations more in depth.

[What to do if you're worried a child is being abused: advice for practitioners](#)

[The Education \(Pupil Information\) \(England\) Regulations 2005](#)

[Keeping Children Safe in Education 2020](#) – places the following statutory duties on all schools:

- Teachers **must** personally report to the police cases where they discover that an act of FGM appears to have been carried out.
- Schools should be aware of and follow regional and local policies and procedures
- Staff should be vigilant to signs of abuse and to whom they should report any concerns on to

- Schools should have procedures in place which are disseminated to all staff for handling suspected or actual cases of abuse of pupils, including procedures to be followed in the case of allegations against persons in a position of trust including knowing local referral processes
- Every school should have Designated Senior Person who is a member of the senior management team and responsible for co-coordinating safeguarding/child protection work within the school and liaising with other agencies as appropriate
- Staff with designated responsibility for safeguarding and child protection should receive appropriate single agency and multi - agency training approved by local safeguarding arrangements at least every two years and their knowledge and skills should be refreshed regularly, but at least annually, via briefings, newsletter and National, regional and local updates.
- All other staff in school should receive training to raise their awareness of signs and symptoms of suspected or actual abuse and the procedures they should follow at least every three years They should also be given regular updates on safeguarding issues
- All staff should be prepared to identify children who may benefit from early help
- That all schools and FE colleges should share information and work in partnership with other agencies when there are concerns about a child's welfare.
- School will maintain safeguarding responsibility when a child is attending Alternative provision
- Children missing from education - schools have a duty to inform the local authority (LA) if a pupil fails to attend school regularly, or has been absent without the school's permission for a continuous period of 10 days or more.
- Mental health is explicitly included in the definition of safeguarding, which now includes "preventing impairment of children's **mental** and physical health or development"

New paragraphs have been added to say:

- All staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation
- Only trained professionals should make a diagnosis of a mental health problem, but staff are well placed to observe children and identify those whose behaviour suggests they may be experiencing a mental health problem, or be at risk of developing one
- Abuse, neglect and other traumatic adverse childhood experiences can have a lasting impact, and it's key that staff are aware of how these experiences can affect children's mental health, behaviour and education
- Staff should take action on any mental health concerns that are also safeguarding concerns, following your school's child protection policy and speaking to the DSL or deputy
- There's DfE guidance available on preventing and tackling bullying and mental health and behaviour, as well as Public Health England guidance on promoting children's emotional health and wellbeing and lesson plans and teaching materials from Rise Above.

The school is committed in implementing the following aims and to ensure a schedule of training is in place to identify and allocate key staff to lead on mental health awareness:

Aims:

- To promote positive social and emotional well-being, mental health, resilience and wellness for students, staff and community.
- To increase awareness and understanding among staff, students and parents/carers of issues surrounding mental health
- To detect and support both young people and staff at the earliest possible stage
- To continue to promote positivity around mental health and emotional well-being and reduce the stigma associated with mental health issues
- To provide a safe, stimulating and positive environment which promotes opportunities for all

[Information sharing advice for safeguarding practitioners](#)

[Mental Health and Behaviour in Schools: Departmental Advice](#)

[Sexual violence and sexual harassment between children in schools and colleges](#) – See peer on Peer Abuse appendix A

Sexual violence and sexual harassment can occur between two children of **any age and sex**. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. **sexual violence** refers to sexual offences under the Sexual Offences Act 2003 and includes rape and sexual assault,

Sexual harassment is any 'unwanted conduct of a sexual nature' that can occur online and offline. Sexual harassment is likely to violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physically and verbally) and are never acceptable. It is important that **all** victims are taken seriously and offered appropriate support.

Coronavirus [Guidance for full opening: schools](#)

[Section 26 of the Counter-Terrorism and Security Act \(2015\)](#)

[The Prevent Duty](#) The UK faces a severe and continuing threat from international terrorism. The Government is taking tough security measures to keep people safe but action at a local level is also essential to stop people becoming or supporting terrorists or violent extremists. Local authorities and the police need to take a lead in ensuring that local partnerships have been clearly tasked with driving delivery of a jointly agreed programme of action. From 1 July 2015 all schools must have regard to the statutory guidance around the Prevent Duty (this also applies to registered early years childcare providers and registered later year's childcare providers). They are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015, in the exercise of their functions, to have "due regard to the need to prevent people from being drawn into terrorism". This duty is known as the Prevent duty. It applies to a wide range of public-facing bodies.

[Section 5B of the Female Genital Mutilation Act 2003](#) (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon **teachers, along with social workers and healthcare professionals, to report to the police** where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. From October 2015, there is a 'mandatory reporting duty' for all education providers.

[The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children.

[Schedule 4 of the Safeguarding Vulnerable Groups Act 2006](#) which defines what 'regulated activity' is in relation to children.

Child and Social Work Act 2017

Requires all schools to ensure:

- a) relationships education be provided to pupils of compulsory school age receiving primary education at schools in England
- b) relationships and sex education to be provided (instead of sex education) to pupils receiving secondary education at schools in England.
- c) that pupils learn about—
 - i. safety in forming and maintaining relationships,
 - ii. the characteristics of healthy relationships, and
 - iii. how relationships may affect physical and mental health and well-being, and
 - iv. the education is appropriate having regard to the age and the religious background of the pupils.

[Sexual violence and sexual harassment between children in schools and colleges](#) (refer to pages 17 and 28)

- A) Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.
- B) Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physically and verbally) and are never acceptable. It is important that all victims are taken seriously and offered appropriate support.
- C) Reports of sexual violence and sexual harassment are extremely complex to manage. It is essential that victims are protected, offered appropriate support and every effort is made to ensure their education is not disrupted. It is also important that other children, adult students and school and college staff are supported and protected as appropriate

4. Equality statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs (SEN) or disabilities (see section 9)
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language

- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after (see section 11)

5. Roles and responsibilities

Safeguarding and child protection is everyone's responsibility. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of the 3 safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

5.1 All staff

All staff will read and understand part 1 and Annex A of the Department for Education's statutory safeguarding guidance, Keeping Children Safe in Education September 2020, and review this guidance at least annually.

All staff will be aware of:

- Our systems which support safeguarding, including this child protection and safeguarding policy, the staff code of conduct, the role and identity of the designated safeguarding lead (DSL) and deputies, the behaviour policy, and the safeguarding response to children who go missing from education
- The early help process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), indicators of being at risk from or involved with serious violent crime, FGM and radicalisation
- Section 15 and appendix 4 of this policy outline in more detail how staff are supported to do this.

5.2 The designated safeguarding lead (DSL)

The Designated Senior Lead (DSL) for child protection will co-ordinate action on child protection within the school. This includes ensuring that all staff, teaching and non-teaching (including supply staff) know who the Designated Member of Staff is and that they are aware of their individual responsibility to be alert to the signs of abuse and should consider the context within which specific safeguarding issues within the wider environment (assessment of risk outside the family home – see appendix to discuss any concerns with the Designated Member of Staff. That they are aware of what happens once a concern has been raised Catherine Sylvester is the DSL for Child Protection and is a member of the senior leadership team. SVS Senior Designated Safeguarding Lead can be contacted out of hours using email csylvester@sandwellvalleyschool.co.uk and phone number 0121 679 7522. When the SDSL is absent, the deputy safeguarding lead Jennifer Hall is available.

In the absence of the DSL and the deputy DSL the most senior member of staff in school will assume responsibility for any child protection matters that arise. Any deputies should be trained to the same standard as the designated safeguarding lead.

It is the role of the Designated Senior Person for Child Protection to:

- Ensure that he/she receives refresher training at least every two years
- To keep his or her knowledge and skills up to date (for example via e-bulletins, meeting other designated safeguarding leads) at regular intervals, but at least annually, to keep up to date with any developments relevant to their role.

- Ensure that all staff who work with children undertakes appropriate training to equip them to carry out their responsibilities for safeguarding children at least every two years with regular updates at least annually which will enable them to recognise the signs and symptoms of abuse including Domestic Violence and Abuse (DVA) with knowledge of what is controlling behaviours and coercive control, Child exploitation, Spiritual abuse, Female Genital Mutilation (FGM), Honour based Abuse (HBA) and Forced Marriage (FM).
- Ensure that all staff understand the statutory duty to report to police when they suspect a child has had FGM carried out on a girl under 18.
- Ensure all staff understand the PREVENT Duty.
- Ensure there are effective induction in safeguarding and child protection for all adults working in the school, be they staff or volunteers, including supply agency staff which are to be undertaken no longer than 10 working days of commencement of their contract
- Make sure that concerns are raised by staff/volunteers when necessary
- Offer support and guidance to all adults working within the school on matters of safeguarding and child protection.
- Ensure that the names and contact details of the DSL/Deputy are on display for all staff, parents, pupils and visitors to the school
- Ensure that (whenever possible) the Designated and Deputy Designated Persons are not out of school (e.g. at training events) at the same time. If they are absent arrangements should be in place to ensure their duties are covered during their absence.
- Ensure that the telephone number for the Contact Centre is available and easily accessible to staff in case, for any reason, the DSP and Deputy are not contactable, in order to ensure there is no unwarranted delay in referral
- Discuss concerns as required with outside agencies e.g. specific agency for single need (e.g. speech and language, Inclusion Support), early intervention multi-agency (e.g. Early Help process) or Multi Agency Safeguarding Hub (MASH) /existing social worker (child protection/significant harm concerns)
- Be aware of contact details and referral routes to support families. This includes referral routes to local housing authority for families who are or are at risk of being homeless, referral routes for children in households where there is domestic abuse, child criminal exploitation, children missing from education.
- Complete/oversee all necessary paperwork and correspondence including referral forms to the Early Help team or MASH in regard to safeguarding and child protection referrals
- Ensure that the school is represented by a Designated Person for Child Protection at child protection conferences, core groups and multi-agency meetings about 'Children in Need'. It is the Designated Person for Child Protection who should attend Child Protection Conferences rather than another representative. If this is not possible, the Deputy Designated Person should attend. If neither can attend apologies must be given and a written report must be submitted prior to the conference
- Compile and submit a written report regarding children who are subject to child protection conferences. This should be shared with parents before the conference takes place –Ensure there is appropriate representation on Core Groups when a child is on a child protection plan. If the most appropriate person is a class teacher, there must be joint working with the Designated Person – consider appropriate safeguarding supervision arrangements.
- Ensure there is appropriately trained staff to lead on and that all staff is aware of the Early Help process
- Ensure that relevant staff are informed and advised about appropriate action when a child is subject to a Child Protection Plan
- Ensure that welfare records are kept securely and confidentially (locked and with limited access)
- Ensure that safeguarding and child protection records are chronologically recorded, with significant incidents or events clearly highlighted. These records should be reviewed regularly and focus on outcomes for the child/children.
- Ensure that records are transferred when a child changes school.
- Ensure mechanism is in place to support the Designated Persons for Child Protection in specific regard to their welfare responsibilities e.g. weekly/monthly one to one meetings between the Designated and Deputy Designated Persons to offer mutual support.
- Keep the school's SMT, Governors, Local Authority and SCSP informed about safeguarding and child protection issues as requested
- Provide guidance to parents, children and staff about obtaining suitable support

- Discuss with new parents the role of the DSP and the role of safeguarding in the school. Make parents aware of the safeguarding procedures used and how to access the safeguarding and child protection policy.
- To arrange adequate and appropriate cover arrangements for any out of hours/out of term activities including onsite day care provision.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns.

The DSL is given the time, funding, training, resources and support to:

- Provide advice and support to other staff on child welfare and child protection matters
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- Contribute to the assessment of children
- Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly
- The DSL will also keep the principal informed of any issues, and liaise with local authority case managers and designated officers for child protection concerns as appropriate.

The full responsibilities of the DSL and deputy are set out in their job description.

5.3 The governing board

The Governing Body has overall responsibility for ensuring that there are sufficient measures in place to safeguard the children in their establishment. It is recommended that a nominated governor for child protection is appointed to take lead responsibility.

The nominated governor for child protection is Reverend Debbie Loughran.

In particular the Governing Body ensures that:

- Safeguarding and child protection policy and procedures are in place and reviewed annually
- Safe recruitment procedures are in place and reviewed annually
- All staff (paid and unpaid) have an up to date enhanced Disclosure and Barring service (DBS) certificate. All those carrying out teaching roles will require an additional check to ensure they are not prohibited from teaching.
- DBS certificates will be in place for all serving governors and newly appointed governors within 21 days of their appointment
- A Single Central register is monitored to ensure it meets statutory requirements
- Position of trust procedures are in place and reviewed annually
- A DSP who is a senior member of school leadership team is appointed and notify the LA of any changes in personnel to this role
- There is a dedicated teacher for Looked after Children who have been appropriately trained. This staff member has a key role in promoting the educational achievement of Looked after Children and engaging with the DSP.
- A member of the Governing Body (usually the Chair) is nominated to be responsible in the event of an allegation of abuse being made against the Head Teacher
- Relevant safeguarding/child protection training is accessed by all school staff/volunteers according to their role and responsibilities
- That they receive an annual report from the DSP regarding safeguarding/child protection work including details of early help involvement and the lead professional role which has been undertaken in the year which is shared with the LA or other appropriate body.
- Deficiencies or weaknesses in safeguarding arrangements are remedied without delay, liaising with relevant bodies for support as required
- The governors support the Designated Member of Staff for safeguarding in carrying out his/her responsibilities as outlined in 'Keeping Children Safe in Education 2020' and role in Job Description.

- All governors will read Keeping Children Safe in Education.
- Section 15 of this policy has information on how governors are supported to fulfil their role.

The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, where appropriate (see appendix 3).

5.4 The Principal

The Principal is responsible for the implementation of this policy, including:

- Ensuring that staff (including temporary staff) and volunteers are informed of our systems which support safeguarding, including this policy, as part of their induction
- Communicating this policy to parents when their child joins the school and via the school website
- Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate

6. School Procedures

- 6.1. The DSL ensures that all school staff and volunteers are alert to the potential abuse of children both within their families and from other sources including members of the school community.
- 6.2. The DSL will ensure all staff are aware of the school's reporting, referral procedure, and the need for timely reporting.
- 6.3. A child going missing from education is a potential indicator of abuse or neglect. School and college staff will follow the school's or college's procedures for dealing with children that go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of their going missing in future, in accordance with KSIE. Consideration should be given if a referral to children services if there are safeguarding concerns or there has been no contact with school. If a child stops attending altogether this will be reported to attendance and prosecution service with information regard off rolling the child.
- 6.4. The school will robustly monitor the attendance of children on roll in the school in line with the Attendance Policy. When a safeguarding/child protection concern is raised, attendance concerns will be shared with partner agencies in accordance with local information sharing protocols.
- 6.5. The school will ensure they have systems in place to regularly update contact numbers for parents/carers and that there are at least two emergency contact numbers on file for every child on roll.
- 6.6. If any member of staff is concerned about a child the Designated Senior Person (or the rep in their absence) must be informed immediately. There is an absolute responsibility for all members of the school to respond to any suspected or actual abuse of a child in accordance with these procedures.
- 6.7. The member of staff must record information regarding the concerns and ensure the written record is passed to the DSP on the same day. The recording must be a clear, precise, factual account of the observations. A record of concern profoma is available on the Sandwell Extranet Safeguarding Virtual Office.
- 6.8. There may be emerging needs or adversities faced by children and their families that could be addressed through early help. Sandwell's Multi Agency Threshold document (available on the SCSP Website) will guide you on what is the most appropriate level of support for families based on their level of need. The Single Point of Contact or the MASH education team are available for early advice and support prior to getting to the point when things need to go to MASH.
- 6.9. The Designated Senior Person will decide whether the concerns should be referred to children's social care via the MASH. If it is decided to make a referral to children's social care this will be discussed with the parents and consent sought, unless to do so would place the child at further risk of harm, place a vulnerable adult at risk or compromise any enquiries that may need to be made.
- 6.10. When concerns have been raised regarding a child or they are subject to any multi-agency work a written record will be kept securely and separately from the child's main pupil record.

- 6.11. Whenever a child transfers to another school all school records, including safeguarding/child protection files will be sent to the receiving school in a secure manner and relevant agencies will be informed of the new school that the child has moved to.
- 6.12. The Designated Senior Person takes responsibility for making the senior leadership team aware of trends in behaviour that may affect pupil welfare. If necessary, training will be arranged.
- 6.13. All staff and volunteers are made aware that the main categories of abuse are:
 - Physical abuse
 - Emotional abuse
 - Sexual abuse
 - Neglect
- 6.14. All staff will have awareness training and briefings so they are alert to the signs and symptoms of abuse, including those that may signal a child is at risk from or involved with serious crime. They are made aware of the associated risks and understand the measures in place to manage them (<https://www.gov.uk/government/publications/advice-to-schools-and-colleges-on-gangs-and-youth-violence>).
- 6.15. All staff will be informed of the risks posed by adults or young people who use the internet to bully, groom or abuse children.
- 6.16. Staff will oversee the safe use of electronic and social media by staff and pupils and take immediate action if they are concerned regards any bullying or risky behaviours.
- 6.17. All staff and volunteers should be concerned about a child if he/she presents with indicators of possible significant harm – see Appendix A for details.

7. Dealing with a Disclosure

- 7.1. Where a pupil actually discloses that he/she has been abused the following guidelines must be followed:

RECEIVE

- 7.2. If a child wants to talk to you, never ask them to come back later. Ask them what they want to talk to you about and, if you are concerned about their welfare, give them the time to speak to you.
- 7.3. Never promise confidentiality, inform the child that you are happy to talk to them but if they tell you anything that you believe may be putting them at harm that you will have to talk to someone.
- 7.4. Listen carefully to the child. Do not stop a child who is freely recalling information.
- 7.5. Where a child is visibly upset or has an obvious injury, It is good practice to ask a child why they are upset or how an injury was caused, or respond to a child wanting to talk to you to help clarify vague concerns and result in the right action being taken.

REACT

- 7.6. If you need to clarify information ask open-ended questions e.g. "Is there anything you'd like to tell me?", "Can you explain to me..." "Can you describe to me...."
- 7.7. Never ask leading or suggestive questions e.g. 'Did he/she do anything that they shouldn't have done?'
- 7.8. Never ask 'accusing' questions e.g. "Why didn't you tell someone earlier?"
- 7.9. Never criticise the alleged perpetrator, it may be someone that they will continue to live with.
- 7.10. Never ask the pupil to repeat their disclosure for any other member of staff; it is your responsibility to share the information
- 7.11. These four factors may compromise enquiries that need to be made later by children's social care or Police.

REASSURE

- 7.12. Ensure that the child is aware that they have done the right thing in talking to you and that they have not done anything wrong.
- 7.13. If you have any concerns that the child has been, or is at risk of harm, you must tell them that you will speak to someone to get help.

RECORD

- 7.14. Make notes as soon as possible afterwards using the words that the child has used.
- 7.15. Do not record your assumptions and interpretations, just what you heard and saw.
- 7.16. Do not destroy original notes even if you later write things up more neatly and fully.
- 7.17. Record the date, time and place of the disclosure.
- 7.18. Sign any written records and identify your position in the school setting.
- 7.19. Do not ask a child to write an account or sign any of your documentation as this may compromise enquiries that need to be made later by children's social care or Police.

REFER

- 7.20. Immediately inform the Designated Senior Person for child protection (insert details) or in their absence the Deputy Designated Senior Person for child protection (insert details) who will be responsible for following the appropriate procedures. In the absence of anyone being available in school, contact the Community Operating Group Social worker for advice.
- 7.21. To consult with your Designated Senior Person for child protection does not mean a referral has been made. This decision is the responsibility of the Designated Senior Person for child protection who will contact the appropriate agency as and when required.
- 7.22. If you are unhappy about the response you receive from your Designated Senior Person for child protection contact Sandwell Children's Trust Contact Centre on 0121 569 3100 where you may be put through to speak to a qualified social worker.

UNDER NO CIRCUMSTANCES SHOULD YOU LEAVE SCHOOL WITHOUT DISCUSSING YOUR CONCERNS WITH SOMEONE.

8. Making a Referral

- 8.1. A referral involves sharing information in line with Multi Agency Threshold Document to either the Targeted Services Team, with the consent of the parents/carers, Multi Agency Safeguarding Hub (MASH) or the Police in matters of immediate risk (see Appendix C).
- 8.2. Parents/carers should be informed if a referral is being made except in the circumstances outlined in communication with parents (It puts a child at further risk of harm)
- 8.3. However, inability to inform parents for any reason should not prevent a referral being made to children's social care via the MASH Service. It would then become a joint decision with Sandwell Childrens Trust about how and when the parents should be approached and by whom.
- 8.4. If lower level multi agency support is required for a child and/or their family, the Designated Senior Person for child protection will, with consent of the parent/carer, refer to the Early Help Team to enable the most appropriate services and support to be identified. This may be targeted multi-agency support to help the family resolve any identified concerns.
- 8.5. If the concerns are more complex and require statutory intervention then the Designated Senior Person for child protection will refer the matter to children's social care via the MASH service where a decision will be made whether any enquiries are needed under Section 17 (child in need enquiry) or Section 47 (child protection enquiry) of the Children Act 1989. A flowchart can be found at Appendix D detailing the referral procedure.

How to make a referral to Childrens Social Care if a child is at risk of significant harm

- 8.6. Step 1 - Complete a Multi Agency Referral Form (MARF) including any relevant body Map and/or Child Exploitation Screening form and send in to the MASH secure email address on the front of the form. Be prepared to give as much of the following information as possible using the SAFER guidelines (see Appendix B). If there are any Child Sexual Exploitation (CSE) concerns then a CSE screening tool should always be completed and submitted to Sandwell Children's Trust
- 8.7. Step 2 - If a child is at imminent significant risk of harm/immediate danger (and reporting concerns cannot wait an hour while a MARF is completed) the referrer should consider telephoning 999 and Sandwell Children's Trust contact centre 0121 569 3100 or the Police on 999. A MARF will also need to be completed within an hour of reporting the concern

- 8.8. Step 3 - Accurately record the action agreed following the referral or that no further action is to be taken and the reasons for this decision noting with whom discussions were held and who made the decisions on the appropriate school form.

Position of Trust referrals

- 8.9. Position of Trust referrals will be referred via the SPOC/MASH. A MARF for the child will be completed and a POT referral form for the person allegations have been made about. This should detail the alleged incident and have all relevant details regards the child and the adult who the allegations have been made about.

Concerns re: Terrorism/Radicalisation

- 8.10. School will refer any incidents of suspected radicalisation or children deemed at risk on a Multi-agency referral form (MARF) to the MASH marked as PREVENT referral. Contact can be made with the confidential Anti-Terrorist Hotline 0800 789 321 or contact made with the LA Prevent Strategy Coordinator [Pardeep brar@sandwell.gov.uk](mailto:Pardeep_brar@sandwell.gov.uk) [Justin nixon@sandwell.gov.uk](mailto:Justin_nixon@sandwell.gov.uk) or safraz_khan@sandwell.gov.uk for further advice.

If you discover that FGM has taken place or a pupil is at risk of FGM

- 8.11. The Department for Education's Keeping Children Safe in Education 2020 explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".
- 8.12. FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.
- 8.13. Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4.
- 8.14. Any teacher who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a pupil under 18 must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.
- 8.15. Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve children's social care as appropriate.
- 8.16. Any other member of staff who discovers that an act of FGM appears to have been carried out on a pupil under 18 must speak to the DSL and follow our local safeguarding procedures.
- 8.17. The duty for teachers mentioned above does not apply in cases where a pupil is at risk of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.
- 8.18. Any member of staff who suspects a pupil is at risk of FGM or suspects that FGM has been carried out must speak to the DSL and follow our local safeguarding procedures.

9. Confidentiality

- 9.1. Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/volunteers in schools.
- 9.2. All staff in schools, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly children's social care and the Police.
- 9.3. If a child wishes to confide in a member of staff/volunteer and requests that the information is kept secret, the member of staff/volunteer will tell the child, in an appropriate manner to the individual needs of the child, that they cannot promise confidentiality and may need to pass the information on to help keep the child or other children safe.
- 9.4. Staff/volunteers who receive information about children and their families in the course of their work should share that information within the expectations of the school's confidentiality policy and other

relevant policies e.g. the safeguarding and safeguarding and child protection policy, SCSP inter-agency procedures.

10. Communication with Parents

- 10.1. The school will always discuss concerns with parents/carers and consent for any referrals should be sought unless to do so would:
- Place the child at risk of significant harm or further risk of significant harm.
 - place a vulnerable adult at risk of harm
 - compromise any enquiries that need to be undertaken by children's social care or the police
- 10.2. The school will endeavour to ensure that parents have an understanding of the responsibilities placed on the school and staff for safeguarding children.

11. Record Keeping

- 11.1. The importance of good clear child welfare and child protection record keeping has been highlighted in the learning from serious case reviews. Good up to date record keeping of concerns and action taken is essential for two main reasons:
- It helps schools identify causes for concern at an early stage. Often it is only when a number of seemingly minor issues are seen as a whole, that a pattern can be seen indicating safeguarding or child protection concern.
 - It helps schools monitor and manage their safeguarding practices and provides evidence of robust and effective safeguarding policy and practice
- 11.2. A record of a concern, suspicion or allegation is made at the time of or as soon as possible after the event. Any member of staff receiving a disclosure of abuse from a child or young person, or noticing signs or symptoms of possible abuse in a child or young person, will make a written record within the hour recording the disclosure using the child's own words, what was said or seen and the location both of the abuse and the disclosure. Dates and times of events should be recorded as accurately as possible, together with a note of when the record was made.
- 11.3. A record is made of any visible marks or injuries to a child that give cause for concern, this will also be completed on a body map. The child should not be examined intimately or pictures taken of any injuries/marks.
- 11.4. All records will be signed and dated clearly with the name of the signatory clearly printed.
- 11.5. When a child has made a disclosure, the member of staff/volunteer will:
- Make brief notes as soon as possible after the conversation using the appropriate form utilised by the school.
 - Not destroy the original notes in case they are needed by a court
 - Record the date, time, place and any noticeable non-verbal behaviour and the words used by the child
 - Record statements and observations rather than interpretations or assumptions
 - Distinguish fact from opinion
- 11.6. Children **MUST NOT** be asked to make a written statement themselves or to sign any records.
- 11.7. All records of a child protection nature (handwritten or typed) are given to the DSP before the end of the working day. These should be filed in individual pupil files in Chronological order and a Chronology of significant events should be maintained at the front of the file.
- 11.8. No copies should be retained by the member of staff or volunteer
- 11.9. The Designated Senior Person will ensure that all safeguarding records are managed in accordance with Data Protection Act 2018 and transferred in accordance with the Education (Pupil Information) (England) Regulations 2005.

12. Allegations Involving School Staff/ Volunteers

- 12.1. An allegation relates to an adult who works with children (in a paid or unpaid capacity) and they have:

- behaved in a way that has harmed or may have harmed a child
 - possibly committed a criminal offence against, or related to, a child
 - behaved towards a child or children in a way that indicates he or she would pose a risk of harm if they work regularly or closely with children.
 - behaved or may have behaved in a way that indicates they may not be suitable to work with children (consideration for any transferrable risk (e.g. incidents at home, in the community)
- 12.2. In these circumstances, the allegation should be taken seriously and the principal, who has the responsibility for managing allegations against persons in a position of trust in school, will be informed immediately.
- 12.3. When dealing with allegations we will ensure that we will;
- Apply a common sense and judgement
 - deal with them quickly, fairly and consistently
 - provide effective protection for child/ren and support the person subject to the allegation
 - Complete a risk assessment and make a justifiable decision on whether that person should be temporarily relieved from duties deployed elsewhere whilst an investigation is undertaken
- 12.4. It is not the responsibility of the person receiving the allegation to make any enquiries or discuss the allegation with anyone other than the principal.
- 12.5. As with all other concerns about the welfare of children, the member of staff receiving the allegation should make a written record of the allegation using the informant's words - including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the principal.
- 12.6. Under no circumstances should the informant be asked to make a written record of the allegation or asked to sign any documentation. This is the responsibility of the person receiving the allegation.
- 12.7. The principal will not investigate the allegation itself, or take written or detailed statements, but will Refer the incident to Sandwell Children's Trust via the Safeguarding Hub. A MARF for the child will be completed and a POT referral form for the person allegations have been made about.
- 12.8. Appropriate support will be put in place for the member of staff who is facing the allegation and a named contact within school will be provided.
- 12.9. If the principal is implicated in the concerns, Chair of Governors should be informed immediately or, in their absence, the vice chair.
- 12.10. The Chair of Governors in this school is:
NAME: Geoff Walker CONTACT NUMBER: 0121 5532722
- 12.11. The Vice Chair in this school is:
NAME: Andrew Simpson CONTACT NUMBER: 0121 679 7522
- 12.12. The same process will be followed by the chair or vice chair of governors as that followed by the Head Teacher/Principal
- 12.13. To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook, school code of conduct or Government document 'Guidance for safer working practice for those working with children and young people in an education setting'
- 12.14. If you have safeguarding or child protection concerns relating to the parents/carers of children and you are aware that they work with children, young people or vulnerable adults, you must inform the Designated Senior Person for child protection. This will allow for consideration to be given as to whether the position of trust process needs to be applied.
- 12.15. If it is decided that the allegation meets any of the three criteria outlined above, procedures will be followed in accordance with Sandwell's Inter-Agency Procedures
- 12.16. If it is decided that the allegation does not meet the threshold for safeguarding, it will be handed back to the employer for consideration via the school's internal procedures.
- 12.17. The Principal should, as soon as possible, and after consulting with the Local Authority Designated Officer inform the person against whom the allegation has been made of the concern.
- 12.18. At the conclusion of any case especially if concerns are substantiated school will review the circumstances of the allegation consider if any changes to processes in school need to be made.

13. Peer on Peer abuse including Sexual Violence and Harassment

- 13.1. It is recognised that sometimes children are capable of abusing their peers. Peer on peer abuse involves someone who abuses a 'vulnerability' or power imbalance to harm another, and have the opportunity or be in an environment where this is possible. This is mostly likely to include:
- Bullying (including cyber bullying);
 - Physical harm;
 - Sexual violence;
 - Sexual harassment
 - Upskirting – which typically involves taking a picture under a person's clothing without them knowing. With the intention of viewing their genitals or buttocks for sexual gratification or to cause humiliation, distress or alarm to the victim;
 - Sexting;
 - Initiation/hazing type violence and rituals
- 13.2. We recognise that whilst perpetrators of peer on peer abuse pose a risk to others they are often victims of abuse themselves. We will work closely with alleged perpetrators to halt and prevent further occurrences
- 13.3. All children should be able to attend school and learn in a safe environment. When this is compromised by the actions or behaviours of their peers this will be dealt with through our behaviour policy.
- 13.4. Prevention is a fundamental method of minimising risks and we will do this by:
- providing developmentally appropriate PSHE syllabus which develops students understanding of acceptable behaviour and keeping themselves safe
 - Having systems in place for any student to raise concerns with staff, knowing they will be listened to, believed and valued
 - Delivering targeted work on assertiveness and keeping safe to those pupils identified at risk
 - developing robust risk assessments & providing targeted work for pupils identified as being a potential risk to other pupils
- 13.5. Sometimes allegations are made of a specific safeguarding nature. These may include physical abuse, emotional abuse, sexual abuse and sexual exploitation. Some of the features of these could include:
- Allegations against an older pupil's behaviour towards a younger child
 - Severe Bullying
 - Is of a serious nature possibly related to a criminal offence
 - Indicates that other pupils have been affected by this pupil
 - Taking part in sexting
 - Photographing or videoing other children performing indecent acts
 - Forcing others to use drugs or alcohol

Procedure: All complaints and incident will be taken seriously with a record of incidents and action taken.

- 13.6. An assessment of an incident between peers will be completed to consider:
- Has this been a deliberate or contrived situation for a young person to be able to harm another?
 - Chronological and developmental ages of everyone involved
 - Difference in their power or authority in relation to age, race, gender, physical, emotional or intellectual vulnerability
 - All alleged physical and verbal aspects of the behaviour and incident
 - Whether the behaviour involved inappropriate sexual knowledge or motivation
 - What was the degree of physical aggression, intimidation, threatening behaviour or bribery
 - The effect on the victim:
- Any attempts to ensure the behaviour and incident is kept a secret
 - The child or young person's motivation or reason for the behaviour, if they admit that it occurred
 - Whether this was a one-off incident, or longer in duration

- 13.7. It is important to deal with a situation of peer abuse immediately and sensitively. It is necessary to gather the information as soon as possible to get the true facts. It is equally important to think about the language used and the impact of that language on both the children and the parents when they become involved. Avoid language that may create a 'blame' culture and leave a child labelled.

Taking Action – What we do:

- Always take complaints seriously
 - Gain a statement of facts from the pupil(s)
 - Assess needs of victim and alleged perpetrator
 - Consider referral to Police or Social Care
 - Contribute to multi-agency assessments
 - Convene a risk management meeting
 - Record all incidents and all action taken
- 13.8. Consideration will be given to whether the complaint raises a safeguarding concern and then report to the designated safeguarding person.
- A factual record should be made but no attempt should be made to investigate at this stage,
 - The DSP can discuss the case with advisory personnel such as the Single point of contact (SPOC), COG or the Education safeguarding officer to determine if a referral to MASH is required. If there is an indication that a criminal offence has been committed then the police may become involved. School may be advised to refer this case to the police or advise parents to do so.
 - The DSP will speak to parents of the victim(S) and the alleged perpetrator to inform them of the referral as long as it does not put either parties at risk of further harm.
 - Records of action and advise will be kept on both children's file
 - Consideration will be given to whether the alleged perpetrator should be excluded from school according to the school's behaviour policy
 - If children services decide there will be no further action a thorough investigation will be carried out in school using the school's usual disciplinary procedure
 - If the school consider a safeguarding risk is still present then a full risk assessment will be carried out with a date set for follow up review.

13.9. Sexting

This is a suggested approach based on guidance from the UK Council for Child Internet Safety for all staff and for DSLs and senior leaders.

Your responsibilities when responding to an incident

- If you are made aware of an incident involving sexting (also known as 'youth produced sexual imagery'), you must report it to the DSL immediately.
- You must not:
 - View, download or share the imagery yourself, or ask a pupil to share or download it. If you have already viewed the imagery by accident, you must report this to the DSL
 - Delete the imagery or ask the pupil to delete it
 - Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
 - Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
 - Say or do anything to blame or shame any young people involved
- You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the imagery in order to safeguard the young person (in most cases, imagery should not be viewed)
- What further information is required to decide on the best response
- Whether the imagery has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images from devices or online services
- Any relevant facts about the pupils involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved (in most cases parents should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- What the DSL knows about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the imagery is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of the imagery (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the principal and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care.

Further review by the DSL

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review. They will hold interviews with the pupils involved (if appropriate) to establish the facts and assess the risks. If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done dialling 101.

Recording incidents

All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in section 14 of this policy also apply to recording incidents of sexting.

Curriculum coverage

Pupils are taught about the issues surrounding sexting as part of our PSHE education and computing programmes. Teaching covers the following in relation to sexting:

- What it is
- How it is most likely to be encountered
- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive
- Issues of legality
- The risk of damage to people's feelings and reputation

Pupils also learn the strategies and skills needed to manage:

- Specific requests or pressure to provide (or forward) such images
- The receipt of such images

This policy on sexting is also shared with pupils so they are aware of the processes the school will follow in the event of an incident.

14. Mobile phones and cameras

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present. Staff members' personal phones will remain in their bags or cupboards during contact time with pupils.

Staff will not take pictures or recordings of pupils on their personal phones or cameras. We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.

15. Pupils with special educational needs and disabilities

We recognise that pupils with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
- Pupils being more prone to peer group isolation than other pupils
- The potential for pupils with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in overcoming these barriers

We offer extra pastoral support for pupils with SEN and disabilities. This includes counselling and mentoring.

16. Pupils with a social worker

Pupils may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- Responding to unauthorised absence or missing education where there are known safeguarding risks
- The provision of pastoral and/or academic support

17. Looked-after and previously looked-after children

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

- Appropriate staff have relevant information about children's looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- The DSL has details of children's social workers and relevant virtual school heads

We have appointed an appropriately trained teacher, Sangeeta Mehra, to take the lead on promoting the educational achievement of looked-after and previously looked-after children.

As part of their role, they will:

- Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to

- Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children

18. Physical Interventions (Use of Reasonable Force)

- 18.1. It is important to allow children to do what they can for themselves, but depending on age and circumstances (i.e. a child who is hurt, who needs instruction in the use of a particular instrument/piece of equipment, safety issues such as the need to prevent a child hurting themselves or others), it may be necessary for some physical contact to take place.
- 18.2. Section 93 of the Education and Inspections Act 2006 enables school staff to use 'reasonable force' to prevent a pupil from:
- Committing any offence (or, for a pupil under the age of criminal responsibility, what would be an offence for an older pupil);
 - Causing personal injury to, or damage to the property of, any person (including the pupil himself); or
 - Prejudicing the maintenance of good order and discipline at the school or among any pupils receiving education at the school, whether during the teaching session or otherwise.
- 18.3. The general guidance on Reducing the need for restraint and restrictive intervention (HMGovt., June 2019), Behaviour and discipline in schools Advice for headteachers and school staff (HMGovt January 2016), The Use of Reasonable force: Guidance for Head teachers, staff and Governing Bodies (2013) and continues to be supplemented by a specialist guidance document, namely 'Guidance on the Use of Restrictive Physical Interventions for Staff working with Children and Adults who display Extreme Behaviour in Association with Learning Disability and/or Autistic Spectrum Disorders' (2012) and 'Guidance on the Use of Restrictive Physical Interventions for Pupil with Severe Behavioural Difficulties'. The circular entitled Guidance on the Use of Restrictive Physical Interventions for Staff Working with Children and Adults who display Extreme Behaviour in Association with Learning Disability and /or Autism Spectrum Disorders applies to all special school settings. Section 246 of the Apprenticeship, Skills, Children and Learning Act 2009 requires the Governing Body to ensure that a procedure is in place for recording each significant incident in which a member of staff uses force on a pupil; and reporting each such incident to each parent of the pupil as soon as practicable after the incident. The member of staff must not report the incident to a parent if it appears to that member of staff that doing so would be likely to result in significant harm to the pupil. If that is the case, or if there is no parent of the pupil to whom the incident could be reported, then the incident must be reported to the local authority where the pupil normally lives.
- 18.4. There is separate guidance on the use of force by staff in Further Education colleges: www.aoc.co.uk and applies to school pupils who receive some of their education in an FE college.

19. Statutory School policies

A full list of statutory policies can be found at <https://www.gov.uk/government/publications/statutory-policies-for-schools> . Note that none of these policies relate to safeguarding and child protection.

School –Virtual Office link: <http://www.sandwell.gov.uk/extranetforschools/info/22/safeguarding>

20. Other Recommended Policies

Anti-bullying	PSHE curriculum (Sex and Relationship Education)
Drugs and substance misuse	Race, Disability and Equality Policy
E-Safety (including Acceptable Use Policies and Use of Digital Images)	Recruitment and selection
First aid (including management of medical conditions, intimate care) Behaviour Attendance Health and Safety	Physical Intervention Combating Extremism Staff Code of conduct

Appendix A: Definitions of Abuse and Neglect_ Specific Safeguarding Issues (Including possible indicators)

Are forms of maltreatment – a person may abuse or neglect a child by inflicting harm or failing to act to prevent harm. Child welfare concerns may arise in different contexts and can vary in terms of extent and seriousness. Children can be abused by family members and strangers, in an institution or community setting including via the internet. In the case of Female genital mutilation children may be taken out of the country to be abused.

The warning signs and symptoms of child abuse and neglect can vary from child to child. Disabled children may be especially vulnerable to abuse, including because they have impaired capacity to avoid or resist abuse. There are also assumptions that indicators of abuse such as behaviour, mood and injury can relate to the child's disability without further exploration. Children with SEN and disabilities can be disproportionately impacted by bullying without showing outward signs. Children develop and mature at different rates so what appears to be worrying for a younger child might be normal for an older child. Parental behaviours may also be indicative of abuse or neglect so be alert to parent-child interactions and behaviours which are concerning. By understanding warning signs you can respond to problems as early as possible and provide the right support/services for the child and their family.

1. Physical Abuse

- Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child.
- Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child (Munchausen syndrome by proxy)

2. Signs of possible physical abuse

- Any injuries not consistent with the explanation given for them.
- Injuries which occur to the body in places which are not normally exposed to falls or rough games
- Injuries which have not received medical attention

- Reluctance to change for, or participate in, games or swimming
- Bruises, bites, burns and fractures, for example, which do not have an accidental explanation
- The child gives inconsistent accounts for the cause of injuries
- Frozen watchfulness
- Possible effects of physical abuse
- Physical abuse can lead directly to neurological damage, physical injuries, disability and in extreme cases death. Physical abuse has been linked to aggressive behaviour in children, emotional and behavioural problems and learning difficulties

So-called 'Honour Based' Abuse (HBA) is a crime or incident which may have been committed to protect or defend the honour of the family or community.

It is often linked to family members or acquaintances (and can include multiple perpetrators) who mistakenly believe someone has brought shame to their family or community by doing something that is not in keeping with the traditional beliefs of their culture. For example, honour based abuse might be committed against people who:

- become involved with a boyfriend or girlfriend from a different culture or religion
- want to get out of an arranged marriage
- want to get out of a forced marriage
- wear clothes or take part in activities that might not be considered traditional within a particular culture

Crimes of 'honour' do not always include violence. Crimes committed in the name of 'honour' might include:

- domestic abuse
- threats of violence
- sexual or psychological abuse
- being held against your will or taken somewhere you don't want to go
- forced marriage

A forced marriage is one that is carried out without the consent of both people. This is very different to an arranged marriage, which both people will have agreed to. There is no religion that says it is right to force you into a marriage and you are not betraying your faith by refusing such a marriage.

- Female Genital Mutilation (FGM) is a procedure where the female genitals are deliberately cut , injured or changed but where there is no medical reason for this to be done. It is also known as 'female circumcision' FGM is usually carried out on young girls between infancy and the age of 15 most commonly before puberty starts. It is illegal to perform FGM in England and Wales, assist a young girl to carry out FGM on herself in England and Wales and assist (from England or Wales) a non-UK person to carry out FGM outside the UK on a UK national or UK resident.

Some of the following signs may be indicators of risk of FGM or a child has undergone FGM

- Knowing that the family belongs to a community in which FGM is practised and is making preparations for the child to take a holiday, arranging vaccinations or planning absence from school.
- The child may talk about a special procedure /ceremony is taking place.
- Prolonged absence from school or other activities with noticeable behaviour change on return, possibly with menstrual or bladder problems.
- Children finding it difficult to sit still and look uncomfortable or complaining about pain between the legsspend longer in the bathroom or toilet
- appear withdrawn, anxious or depressed
- have unusual behaviour after an absence from school or college
- if a child suspects FGM is going to happen she may run away from home or miss school.
- Talking about somebody doing something to them that they aren't able to talk about. In Africa, FGM is known to be practiced among certain communities in 29 countries: Benin, Burkina Faso, Cameroon, Central African Republic, Chad, Cote d'Ivoire, Democratic Republic of Congo, Djibouti, Egypt, Eritrea, Ethiopia, Gambia, Ghana, Guinea, Guinea-Bissau, Kenya, Liberia, Mali, Mauritania, Niger, Nigeria, Senegal, Sierra Leone, Somalia, Sudan, Tanzania, Togo, Uganda and Zambia. Certain ethnic groups in Asian countries practice FGM, including in communities in India, Indonesia, Malaysia, Pakistan and Sri Lanka.

- In the Middle East, the practice occurs in Oman, the United Arab Emirates and Yemen, as well as in Iraq, Iran, the State of Palestine and Israel.
- In Eastern Europe, recent info shows that certain communities are practicing FGM in Georgia and the Russian Federation.
- In South America, certain communities are known to practice FGM in Columbia, Ecuador, Panama and Peru.
- And in many western countries, including Australia, Canada, New Zealand, the United States, the United Kingdom and various European countries, FGM is practiced among diaspora populations from areas where the practice is common
- Abuse linked to a Belief in Spirit Possession whereby the perpetrators believe that an evil spirit has entered a child and is controlling him or her. Sometimes the term 'witch' is used and is defined here as the belief that a child is able to use an evil force to harm others. Terms used may be black magic, kindoki, the evil eye, djinns, voodoo, obeah, demons, and child sorcerers. In all these cases genuine beliefs can be held by families, carers, religious leaders, congregations and the children themselves that evil forces are at work. Abuse often occurs when an attempt is made to 'exorcise' or 'deliver' the child.

Some of the following signs may be indicators of this type of abuse but may also be common features in other kind of abuse

- Signs or marks such as bruises or burns
- A child becoming noticeably confused, withdrawn, disorientated or isolated and appearing alone amongst other children
- A person's personal care deteriorating such as losing weight, being unkempt with dirty clothes and even faeces smeared on them
- Parent or carer does not show concern for or have a close bond with the child.
- Child's school attendance becoming irregular or the child being taken out of school altogether
- A child reporting, they are or have been accused of being 'evil' and/or that they are having the 'devil beaten out of them'

3. Emotional Abuse

- Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development.
- It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person.
- It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate.
- It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction.
- It may involve seeing or hearing the ill-treatment of another.
- It may involve serious bullying (including cyberbullying),
- causing children frequently to feel frightened or in danger, or
- The exploitation or corruption of children.
- Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

4. Signs of possible emotional abuse

- Depression, aggression, extreme anxiety, changes or regression in mood or behaviour, particularly where a child withdraws or becomes clingy
- Obsessions or phobias
- Sudden underachievement or lack of concentration

- Seeking adult attention and not mixing well with other children
- Sleep or speech disorders
- Negative statements about self
- Highly aggressive or cruel to others
- Extreme shyness or passivity
- Running away, stealing and lying

5. Possible effects of emotional abuse

- If a child suffers sustained emotional abuse there is increasing evidence of adverse long-term effects on their development. Emotional abuse has a significant impact on a developing child's mental health, behaviour and self-esteem. It can be especially damaging in infancy and can be as important as the other more visible forms of abuse, in terms of its impact on the child. Domestic violence, adult mental health problems and parental substance misuse may be features in families where children are exposed to such abuse.

6. Sexual Abuse and Exploitation

- Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.
- The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing.
- They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, grooming a child in preparation for abuse (including via the internet).
- Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs of possible sexual abuse

- Any allegations made by a child concerning sexual abuse
- The child has an excessive preoccupation with sexual matters and inappropriate knowledge of adult sexual behaviour for their age, or regularly engages in sexual play inappropriate for their age
- Sexual activity through words, play or drawing
- Repeated urinary infections or unexplained stomach pains
- The child is sexually provocative or seductive with adults
- Inappropriate bed-sharing arrangements at home
- Severe sleep disturbances with fears, phobias, vivid dreams or nightmares which sometimes have overt or veiled sexual connotations
- Eating disorders such as anorexia or bulimia.

Possible effects of sexual abuse

- Disturbed behaviour including self-harm, inappropriate sexual behaviour, sadness, depression and loss of self-esteem has all been linked to sexual abuse. Its adverse effects may last long into adult life. The severity of the impact on the child is believed to increase the longer the abuse continues, the more serious the abuse, the younger the child at the start, and the closeness of the relationship to the abuser. The child's ability to cope with the experience of sexual abuse once recognised; can be strengthened by the support of a non-abusive adult carer who believes the child, helps the child understand the abuse, and is able to offer help and protection. Some adults who sexually abuse children were themselves sexually abused as children.

Neglect

- Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.
- Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:
 - provide adequate food, clothing and shelter (including exclusion from home or abandonment);
 - protect a child from physical and emotional harm or danger;
 - ensure adequate supervision (including the use of inadequate care-givers); or
 - Ensure access to appropriate medical care or treatment.
- It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs of possible neglect

- Dirty skin, body smells, unwashed, uncombed hair and untreated lice
- Clothing that is dirty, too big or small, or inappropriate for weather conditions
- Frequently left unsupervised or alone
- Frequent diarrhoea
- Frequent tiredness
- Untreated illnesses, infected cuts or physical complaints which the carer does not respond to
- Frequently hungry
- Overeating junk food

Possible effects of neglect

- Neglect can seriously impair a child's health, physical and intellectual growth and development, and can cause long term difficulties with social functioning, relationships and educational progress. Extreme cases of neglect can cause death.

For further information about neglect please see SCSP neglect policy.

Specific Safeguarding Issues

Violence Against Women and Girls (VAWG)

VAWG is defined as any act of gender-based violence that results in, or is likely to result in physical, sexual or psychological harm or suffering to women including threats of such acts, coercion or arbitrary deprivation of liberty, whether occurring in public or private life. VAWG is the umbrella term which brings together multiple forms of serious violence such as crimes committed in the name of "honour"; domestic abuse (including Controlling behavior and coercive control); female genital mutilation (FGM); forced marriage; sexual violence, abuse, exploitation and rape; stalking; harassment; trafficking for sexual exploitation; prostitution. If members of staff have a concern about or knowledge of any VAWG incidents, they will share it immediately with the DSL with a view to referring to appropriate agencies.

So-called 'Honour Based' Violence is a crime or incident which may have been committed to protect or defend the honour of the family or community.

It is often linked to family members or acquaintances (and can include multiple perpetrators) who mistakenly believe someone has brought shame to their family or community by doing something that is not in keeping with the traditional beliefs of their culture. For example, honour based violence might be committed against people who:

- become involved with a boyfriend or girlfriend from a different culture or religion
- want to get out of an arranged marriage
- want to get out of a forced marriage

- wear clothes or take part in activities that might not be considered traditional within a particular culture

Crimes of 'honour' do not always include violence. Crimes committed in the name of 'honour' might include:

- domestic abuse
- threats of violence
- sexual or psychological abuse
- being held against your will or taken somewhere you don't want to go
- forced marriage

A forced marriage is one that is carried out without the consent of both people. This is very different to an arranged marriage, which both people will have agreed to. There is no religion that says it is right to force you into a marriage and you are not betraying your faith by refusing such a marriage.

- **Female Genital Mutilation (FGM)** is a procedure where the female genitals are deliberately cut, injured or changed but where there is no medical reason for this to be done. It is also known as 'female circumcision' FGM is usually carried out on young girls between infancy and the age of 15 most commonly before puberty starts. It is illegal to perform FGM in England and Wales, assist a young girl to carry out FGM on herself in England and Wales and assist (from England or Wales) a non-UK person to carry out FGM outside the UK on a UK national or UK resident.

Some of the following signs may be indicators of risk of FGM or a child has undergone FGM

- Knowing that the family belongs to a community in which FGM is practised and is making preparations for the child to take a holiday, arranging vaccinations or planning absence from school.
- The child may talk about a special procedure /ceremony is taking place.
- Prolonged absence from school or other activities with noticeable behaviour change on return, possibly with menstrual or bladder problems.
- Children finding it difficult to sit still and look uncomfortable or complaining about pain between the legs/spend longer in the bathroom or toilet
- appear withdrawn, anxious or depressed
- have unusual behaviour after an absence from school or college
- if a child suspects FGM is going to happen she may run away from home or miss school.
- Talking about somebody doing something to them that they aren't able to talk about. In Africa, FGM is known to be practiced among certain communities in 29 countries: Benin, Burkina Faso, Cameroon, Central African Republic, Chad, Cote d'Ivoire, Democratic Republic of Congo, Djibouti, Egypt, Eritrea, Ethiopia, Gambia, Ghana, Guinea, Guinea-Bissau, Kenya, Liberia, Mali, Mauritania, Niger, Nigeria, Senegal, Sierra Leone, Somalia, Sudan, Tanzania, Togo, Uganda and Zambia.

Certain ethnic groups in Asian countries practice FGM, including in communities in India, Indonesia, Malaysia, Pakistan and Sri Lanka.

In the Middle East, the practice occurs in Oman, the United Arab Emirates and Yemen, as well as in Iraq, Iran, the State of Palestine and Israel.

In Eastern Europe, recent info shows that certain communities are practicing FGM in Georgia and the Russian Federation.

In South America, certain communities are known to practice FGM in Columbia, Ecuador, Panama and Peru.

And in many western countries, including Australia, Canada, New Zealand, the United States, the United Kingdom and various European countries, FGM is practiced among diaspora populations from areas where the practice is common

- Abuse linked to a Belief in Spirit Possession whereby the perpetrators believe that an evil spirit has entered a child and is controlling him or her. Sometimes the term 'witch' is used and is defined here as the belief that a child is able to use an evil force to harm others. Terms used may be black magic, kindoki, the evil eye, djinns, voodoo, obeah, demons, and child sorcerers. In all these cases genuine beliefs can be held by families, carers, religious leaders, congregations and the children themselves that evil forces are at work. Abuse often occurs when an attempt is made to 'exorcise' or 'deliver' the child.

Some of the following signs may be indicators of this type of abuse but may also be common features in other kind of abuse

- Signs or marks such as bruises or burns
- A child becoming noticeably confused, withdrawn, disorientated or isolated and appearing alone amongst other children
- A persons personal care deteriorating such as losing weight, being unkempt with dirty clothes and even faeces smeared on them
- Parent or carer does not show concern for or have a close bond with the child.
- Childs school attendance becoming irregular or the child being taken out of school altogether
- A child reporting, they are or have been accused of being 'evil' and/or that they are having the 'devil beaten out of them'
- **Mental Health**
- We are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Our staff members however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that our staff members are aware of how these children's experiences can impact on their mental health, behaviour and education. If staff have a mental health concern about a child that is also a safeguarding concern, this will be shared with the DSL with a view to referring to appropriate agencies following the referral procedures. We also note the DfE's advice and guidance on [Mental Health and Behaviour in Schools](#).

Assessment of risk outside the family home – (Extra familial Abuse) The following toolkits and guidance will be referred to when concerns are used:

- [Child Exploitation Toolkit](#)
- [County Lines Exploitation Guidance](#)
- [CSE Exploitation for Schools](#)

- Children and young people may be vulnerable to abuse or exploitation from outside their families. These threats may occur in educational establishments, within peer groups or more widely from within the community and/or online. Children can be vulnerable to multiple threats including exploitation by criminal gangs and organised crime groups, online grooming, extremist ideologies.
- Professionals should consider whether wider environmental factors are present that threaten a child's safety and welfare.

Contextual Safeguarding

Children and young people may be vulnerable to abuse or exploitation from outside their families. These threats may occur in educational establishments, within peer groups or more widely from within the community and/or online. Children can be vulnerable to multiple threats including exploitation by criminal gangs and organised crime groups, online grooming, extremist ideologies.

Professionals should consider whether wider environmental factors are present that threaten a child's safety and welfare.

Online Safety

There is a breadth of issues relating to online safety and social media. They can be broadly categorised in to three broad areas of risk:

- Content – being exposed to illegal, inappropriate or harmful material
- Contact – being exposed to harmful interactions with other users
- Conduct – Personal online behaviours that increases the likelihood of or actually causes harm.

'Sexting'

Creating and sharing sexual photos and videos of under-18s is illegal. Sharing youth produced sexual imagery, which is commonly known as 'sexting' covers the incidents where

- A person under the age of 18 creates and shares sexual imagery of themselves with a peer under the age of 18
- A person under the age of 18 shares sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult
- A person under the age of 18 is in possession of sexual imagery created by another person under the age of 18.

When such an incident involving youth produced sexual imagery comes to a member of staff's attention, this will be shared with the designated safeguarding lead with a view to referring to appropriate agencies following the referral procedures. Further information and advice on youth produced sexual imagery is available in the non-statutory guidance produced by the UK Council for Child Internet Safety (UKCCIS) '[Sexting in schools and colleges](#)'.

Child Criminal Exploitation:

Gang activity and youth violence

Child exploitation can occur through gang recruitment. Young people at risk of joining a gang are usually vulnerable individuals who can be both perpetrators and / or victims of crime. Some the risks associated with gang/criminal involvement are:

- Retaliatory Violence due to territorial disputes with other gangs
- Criminal records
- Physical and Sexual violence as a means of control

- Drug/alcohol addiction
- Poor educational or employment potential

Children may often be at the periphery of involvement for some time before they become active gang members. Children may also follow older siblings into gang involvement. There are often opportunities for preventative work to be undertaken with children to deter them from joining a gang.

County Lines

Criminal exploitation is a geographically widespread form of harm that is a typical feature of county lines criminal activity. Drug networks and gangs groom and exploit children and young people to carry drugs and money within and from urban areas into suburban and rural areas.

Possible indicators of exploitation:

- Missing episodes
- Disengagement with education and leisure activities
- Becoming isolated from friends and family
- significant changes in emotional well-being
- A person meeting unfamiliar adults or a change to their behaviour
- The use of drugs and alcohol
- Acquiring money or expensive gifts they can't account for
- Lone children from outside of the area
- Individuals with multiple mobile phones or tablets or 'SIM cards'
- Unknown or suspicious looking characters coming and going from a neighbour's house
- Relationships with controlling or older individuals or associated with gangs
- Suspicion of self-harm, physical assault or unexplained injuries

If you have concerns surrounding children, follow safeguarding procedures and share your concerns with MASH. You can also report any suspected criminal activity due the police via the FIB (police intelligence form) or by reporting via 101 or 999 in an emergency.

Child Sexual Exploitation (CSE) is a form of sexual abuse where children are sexually exploited for money, power or status. It can involve violent, humiliating and degrading sexual assaults. In some cases young people are persuaded or forced in to exchanging sexual activity for money, drugs, gifts, affection or status. Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation doesn't always involve contact and can happen online. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point.

Some of the following signs may be indicators of sexual exploitation

- Children who appear with unexplained gifts, money or new possessions
- Children who associate with other children involved in exploitation
- Children who have older boyfriends or girlfriends
- Having a relationship of concern with a controlling adult or young person (this may involve physical and/or emotional abuse and/or gang activity);
- Entering and/or leaving vehicles driven by unknown adults;
- Frequenting areas known for risky activities;
- Being groomed or abused via the Internet and mobile technology;
- Having unexplained contact with hotels, taxi companies or fast food outlets.
- Children who suffer from sexually transmitted infections or become pregnant
- Children who suffer from changes in emotional well-being
- Children who misuse drugs and alcohol
- Children who go missing for periods of time or regularly come home late
- Children who regularly miss school or education or don't take part in education

Early intervention and preventative work is key in helping to support and educate children and young people. Strong links with local policing and neighbourhood teams is critical in identifying and safeguarding young people at risk.

Sexual Violence and Harassment between Children in schools and colleges (See Peer on Peer abuse)

Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

- sexual violence refers to sexual offences under the Sexual Offences Act 2003
- and includes rape and sexual assault,

Sexual harassment is any 'unwanted conduct of a sexual nature' that can occur online and offline. Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physically and verbally) and are never acceptable. It is important that all victims are taken seriously and offered appropriate support.

Appendix B:

Aide-memoire for Professionals to support efficient and appropriate telephone referrals of children who may be suffering, or are likely to suffer, immediate risk of significant harm

Situation

I am (give your name / designation / base). I am calling about (child's name(s) / date of birth / address, or mother's details if an unborn child).

I am calling because I believe this child is at risk of harm.

The parents are/aren't aware of the referral.

Assessment and actions

I have assessed the child and the specific concerns are (provide specific factual evidence, ensuring the points in Section A are covered) or I fear for the child's safety because (provide specific facts – what you have seen, heard and/or been told).

A Early Help Assessment has/hasn't been completed/ followed prior to this referral.

The child is now (describe current condition and whereabouts)

I have not been able to assess the child but I am concerned because ...

I have (actions taken to make the child safe).

Family Factors

Specific family factors making this child at risk of significant harm are (base on the Assessment of Need Framework i.e. parenting capacity, family/environment, and child's developmental needs)

Additional factors creating vulnerability are ...

Although not enough to make this child safe now, the strengths in the family situation are ...

Expected response

In line with "Keeping Safe in Education 2018", "Working Together to Safeguard Children" 2018 (updated December 2020) and Section 17 and/or Section 47 of the Children Act I recommend that a specialist social care assessment is undertaken (urgently).

Other recommendations.

Ask: Do you need me to do anything now?

Referral and recording

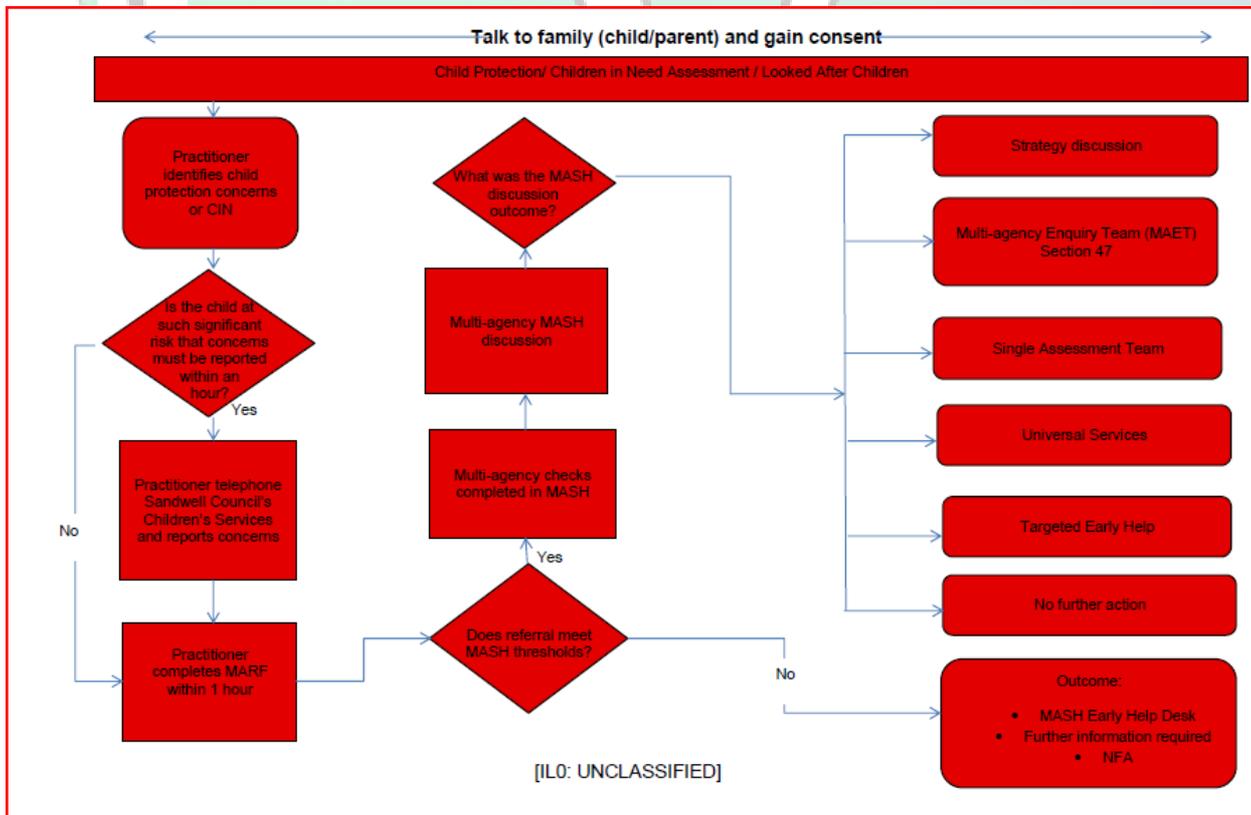

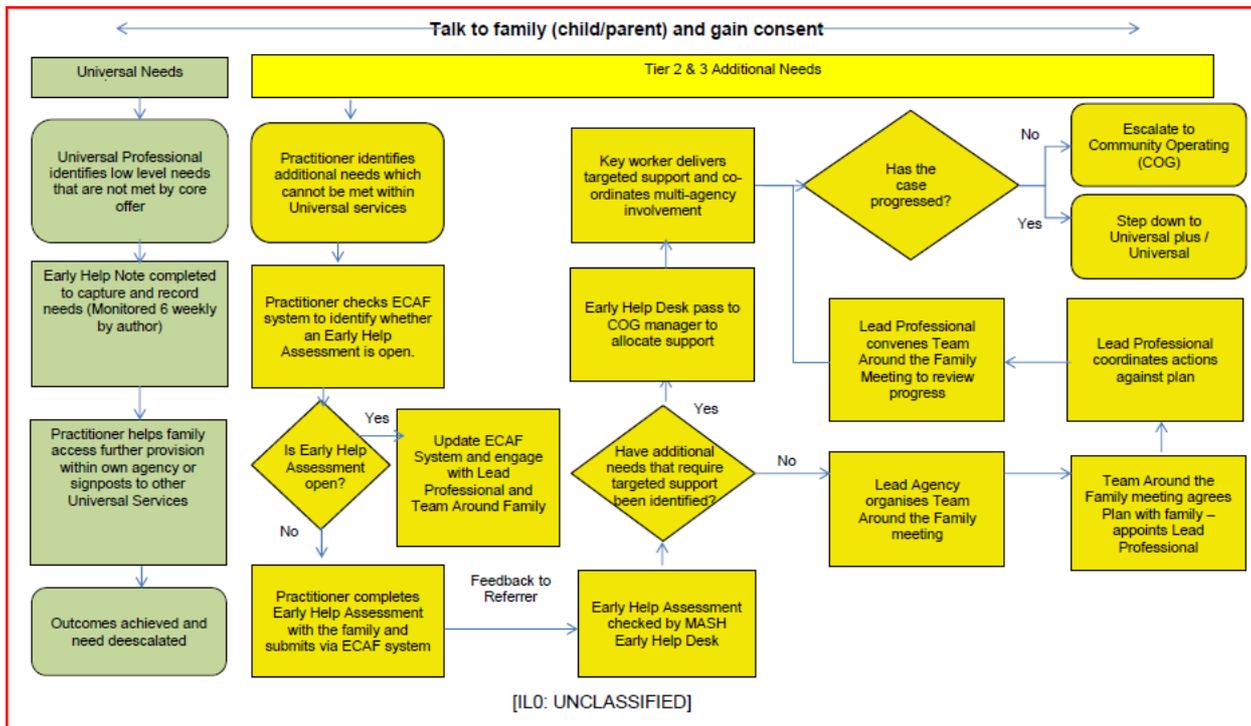

I will follow up with a written referral (MARF) and would appreciate it if you would get back to me as soon as you have decided your course of action.

Exchange names and contact details with the person taking the referral.

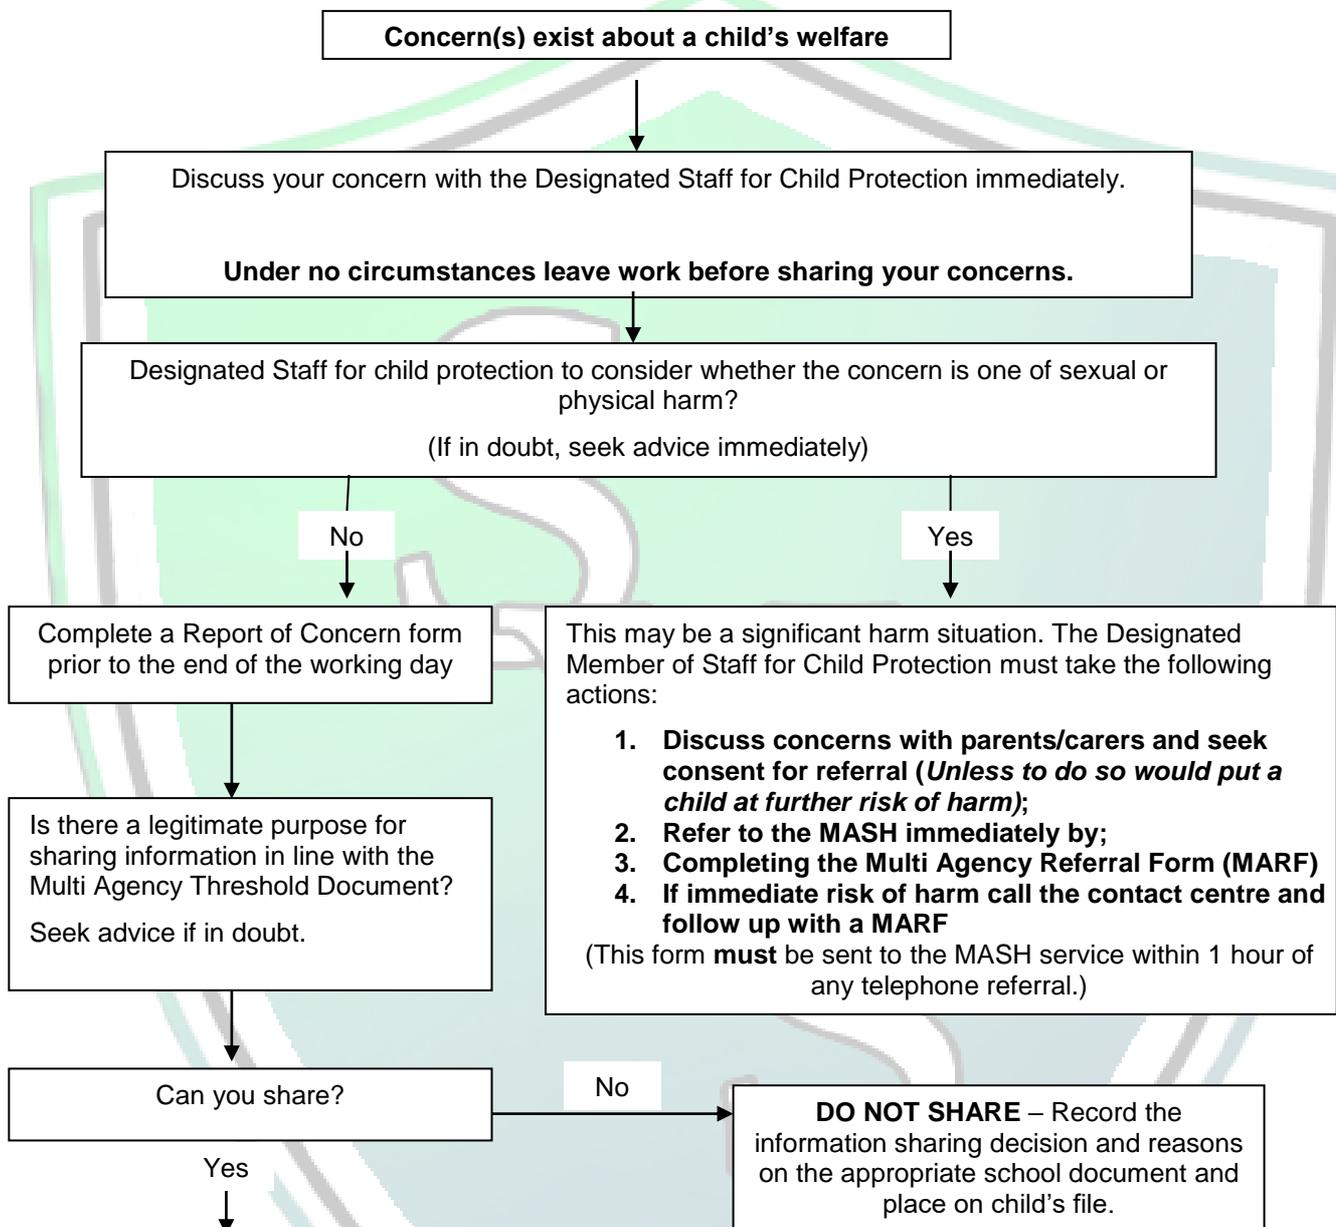

Now complete the MARF ensuring that it is sent within 1 hour and record details and time and outcomes of telephone referral.

Sandwell Valley School

Appendix C: Process Map

Appendix D: Safeguarding and Promoting Children's Welfare Procedural Flowchart

SHARING INFORMATION WHEN THERE ARE NO SIGNIFICANT HARM CONCERNS:

- Record the concern on a Report of Concern form, distinguishing fact from opinion. Using the Multi Agency Threshold Document consider if your concern meets the threshold (safeguarding concerns) for the offer of an early help assessment or the threshold for risk of significant harm (child protection).
- Early Help MASH – concerns that you believe are safeguarding concerns. Complete **Early Help Assessment** and submit via e-caf (if trained), via post to Early Help Team, PO Box 16021, Oldbury, B69 9EW or via e-mail to ecaf_queries@sandwell.gov.uk
- Child Protection MASH – concerns that you believe are child protection concerns. Contact your designated lead for child protection; consult with Early Help Social Worker for advice and guidance. Send completed **MARF** (multi-agency referral form) via secure e-mail to access_team@sandwellchildrenstrust.org or if an emergency that cannot wait an hour – call Sandwell's Contact Centre on 0121 569 3100
- Record** the information sharing decision, your reasons, and open a confidential Safeguarding file for the child (if one does not already exist). Also note any agreed action, who is to complete this and by when.

Appendix E: Indicators of Vulnerability to Radicalisation

1. Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.
2. Extremism is defined by the Government in the Prevent Strategy as:
Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.
3. Extremism is defined by the Crown Prosecution Service as:
The demonstration of unacceptable behaviour by using any means or medium to express views which:
 - Encourage, justify or glorify terrorist violence in furtherance of particular beliefs;
 - Seek to provoke others to terrorist acts;
 - Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
 - Foster hatred which might lead to inter-community violence in the UK.
4. There is no such thing as a “typical extremist”: those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.
5. Pupils may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff are able to recognise those vulnerabilities.
6. Indicators of vulnerability include:
 - Identity Crisis – the student / pupil is distanced from their cultural / religious heritage and experiences discomfort about their place in society;
 - Personal Crisis – the student / pupil may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging;
 - Personal Circumstances – migration; local community tensions; and events affecting the student / pupil’s country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy;
 - Unmet Aspirations – the student / pupil may have perceptions of injustice; a feeling of failure; rejection of civic life;
 - Experiences of Criminality – which may include involvement with criminal groups, imprisonment, and poor resettlement / reintegration;
 - Special Educational Need – students / pupils may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.

7. However, this list is not exhaustive, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism.
8. More critical risk factors could include:
- Being in contact with extremist recruiters;
 - Accessing violent extremist websites, especially those with a social networking element;
 - Possessing or accessing violent extremist literature;
 - Using extremist narratives and a global ideology to explain personal disadvantage;
 - Justifying the use of violence to solve societal issues;
 - Joining or seeking to join extremist organisations;
 - Significant changes to appearance and / or behaviour; and
 - Experiencing a high level of social isolation resulting in issues of identity crisis and / or personal crisis.

Appendix F: Preventing Violent Extremism – Roles and Responsibilities of the Single Point of Contact (SPOC)

The SPOC for (School / Service) is (Name of SPOC), who is responsible for:

- Ensuring that staff of the school are aware that you are the SPOC in relation to protecting students/pupils from radicalisation and involvement in terrorism;
- Maintaining and applying a good understanding of the relevant guidance in relation to preventing students/pupils from becoming involved in terrorism, and protecting them from radicalisation by those who support terrorism or forms of extremism which lead to terrorism;
- Raising awareness about the role and responsibilities of (School / Service) in relation to protecting students/pupils from radicalisation and involvement in terrorism;
- Monitoring the effect in practice of the school's RE curriculum and assembly policy to ensure that they are used to promote community cohesion and tolerance of different faiths and beliefs;
- Raising awareness within the school about the safeguarding processes relating to protecting students/pupils from radicalisation and involvement in terrorism;
- Acting as the first point of contact within the school for case discussions relating to students / pupils who may be at risk of radicalisation or involved in terrorism;
- Collating relevant information from in relation to referrals of vulnerable students / pupils into the Channel* process;
- attending Channel* meetings as necessary and carrying out any actions as agreed;
- Reporting progress on actions to the Channel* Co-ordinator; and
- Sharing any relevant additional information in a timely manner.

* Channel is a multi-agency approach to provide support to individuals who are at risk of being drawn into terrorist related activity. It is led by the West Midlands Police Counter-Terrorism Unit, and it aims to:

- Establish an effective multi-agency referral and intervention process to identify vulnerable individuals;

- Safeguard individuals who might be vulnerable to being radicalised, so that they are not at risk of being drawn into terrorist-related activity; and
- Provide early intervention to protect and divert people away from the risks they face and reduce vulnerability.

Appendix G: safer recruitment and DBS checks – policy and procedures

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

New staff

- When appointing new staff, we will:
- Verify their identity
- Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will not keep a copy of this for longer than 6 months
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK and criminal records checks or their equivalent
- Check that candidates taking up a management position are not subject to a prohibition from management (section 128) direction made by the secretary of state

We will ask for written information about previous employment history and check that information is not contradictory or incomplete.

We will seek references on all short-listed candidates, including internal candidates, before interview. We will scrutinise these and resolve any concerns before confirming appointments. The references requested will ask specific questions about the suitability of the applicant to work with children.

Regulated activity means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children; or
- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children; or
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- We believe the individual has engaged in relevant conduct; or

- The individual has received a caution or conviction for a relevant offence, or there is reason to believe the individual has committed a listed relevant offence, under the Safeguarding Vulnerable Groups Act 2006 (Prescribed Criteria and Miscellaneous Provisions) Regulations 2009; or
- The 'harm test' is satisfied in respect of the individual (i.e. they may harm a child or vulnerable adult or put them at risk of harm); and
- The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment

Governors

All governors will have an enhanced DBS check without barred list information.

They will have an enhanced DBS check with barred list information if working in regulated activity.

The chair of the board will have their DBS check countersigned by the secretary of state.

All proprietors, trustees, local governors and members will also have the following checks:

- A section 128 check (to check prohibition on participation in management under section 128 of the Education and Skills Act 2008).
- Identity
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

Staff working in alternative provision settings

Where we place a pupil with an alternative provision provider, we obtain written confirmation from the provider that they have carried out the appropriate safeguarding checks on individuals working there that we would otherwise perform.

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

Appendix H: allegations of abuse made against staff

This section of this policy applies to all cases in which it is alleged that a current member of staff, including a supply teacher or volunteer, has:

- Behaved in a way that has harmed a child, or may have harmed a child, or
- Possibly committed a criminal offence against or related to a child, or
- Behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children

It applies regardless of whether the alleged abuse took place in the school. Allegations against a teacher who is no longer teaching and historical allegations of abuse will be referred to the police.

We will deal with any allegation of abuse against a member of staff or volunteer very quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension of the accused until the case is resolved

Suspension will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that it might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents have been consulted

Definitions for outcomes of allegation investigations

- Substantiated: there is sufficient evidence to prove the allegation
- Malicious: there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive
- False: there is sufficient evidence to disprove the allegation
- Unsubstantiated: there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)
- Unfounded: to reflect cases where there is no evidence or proper basis which supports the allegation being made

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the principal or chair of governors where the principal is the subject of the allegation) – the ‘case manager’ – will take the following steps:

- Immediately discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children’s social care services. (The case manager may, on occasion, consider it necessary to involve the police before consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children’s social care services, where necessary). Where the police and/or children’s social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children’s social care services, as appropriate
- If immediate suspension is considered necessary, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- If it is decided that no further action is to be taken in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- If it is decided that further action is needed, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children’s social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate.
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children’s social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- Keep the parents or carers of the child/children involved informed of the progress of the case and the outcome, where there is not a criminal prosecution, including the outcome of any disciplinary process (in confidence)
- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the governing board will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Additional considerations for supply staff

If there are concerns or an allegation is made against someone not directly employed by the school, such as supply staff provided by an agency, we will take the actions below in addition to our standard procedures.

- We will not decide to stop using a supply teacher due to safeguarding concerns without finding out the facts and liaising with our local authority designated officer to determine a suitable outcome
- The governing board will discuss with the agency whether it is appropriate to suspend the supply teacher, or redeploy them to another part of the school, while the school carries out the investigation
- We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the local authority designated officer as required
- We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary)

When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

Timescales

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious will be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, we will institute appropriate action within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, we will hold this within 15 working days

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the case manager and the school's personnel adviser will discuss with the designated officer whether to make a referral to the DBS for consideration of whether inclusion on the barred lists is required. If they think that the individual has engaged in conduct that has harmed (or is likely to harm) a child, or if they think the person otherwise poses a risk of harm to a child, they must make a referral to the DBS.

If the individual concerned is a member of teaching staff, the case manager and personnel adviser will discuss with the designated officer whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated or malicious allegations

If an allegation is shown to be deliberately invented, or malicious, the headteacher, or other appropriate person in the case of an allegation against the headteacher, will consider whether any disciplinary action is appropriate against the pupil(s) who made it, or whether the police should be asked to consider whether action against those who made the allegation might be appropriate, even if they are not a pupil.

Confidentiality

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered. The case manager will take advice from the local authority's designated officer, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case. Such records will include:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken and decisions reached (and justification for these, as stated above)

If an allegation or concern is not found to have been malicious, the school will retain the records of the case on the individual's confidential personnel file, and provide a copy to the individual.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer. The records of any allegation that is found to be malicious will be deleted from the individual's personnel file.

References

When providing employer references, we will not refer to any allegation that has been proven to be false, unsubstantiated or malicious, or any history of allegations where all such allegations have been proven to be false, unsubstantiated or malicious.

Learning lessons

After any cases where the allegations are substantiated, we will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

Appendix I: specific safeguarding issues

This appendix is based on the advice in annex A of Keeping Children Safe in Education 2020 – you'll need to adapt it to reflect your context and any locally agreed procedures.

Annex A also includes information on further issues to be aware of, including children's involvement in the court system, children with family members in prison, and county lines. If you wish to cover these in the policy, consider including:

- An explanation of what the issue is and how your school approaches it (e.g. any preventative measures in place, training you provide for staff)
- What staff should be aware of and actions they should take
- How your school works with external agencies, where relevant

Children missing from education

A child going missing from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

Child criminal exploitation

Child criminal exploitation (CCE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity, in exchange for something the victim needs or wants, and/or for the financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. It does not always involve physical contact and can happen online. For example, young people may be forced to work in cannabis factories, coerced into moving drugs or money across the country (county lines), forced to shoplift or pickpocket, or to threaten other young people.

Indicators of CCE can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs and alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Not taking part in education

If a member of staff suspects CCE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, in exchange for something the victim needs or wants and/or for the financial advantage or increased status of the perpetrator or facilitator. It may, or may not, be accompanied by violence or threats of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

CSE can include both physical contact (penetrative and non-penetrative acts) and non-contact sexual activity. It can also happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam. CSE may also occur without the victim's immediate knowledge, for example through others copying videos or images.

In addition to the CCE indicators above, indicators of CSE can include a child:

- Having an older boyfriend or girlfriend
- Suffering from sexually transmitted infections or becoming pregnant

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Domestic abuse

Children can witness and be adversely affected by domestic abuse and/or violence at home where it occurs between family members. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Older children may also experience domestic abuse and/or violence in their own personal relationships.

Exposure to domestic abuse and/or violence can have a serious, long-lasting emotional and psychological impact on children.

If police are called to an incident of domestic abuse and any children in the household have experienced the incident, the police will inform the key adult in school (usually the designated safeguarding lead) before the

child or children arrive at school the following day. This is the procedure where police forces are part of Operation Encompass –SVS is an Operation Encompass school.

The DSL will provide support according to the child's needs and update records about their circumstances.

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSL and deputy will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care.

So-called 'honour-based' abuse (including FGM and forced marriage)

So-called 'honour-based' abuse (HBA) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBA are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBA or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7.3 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
 - Having difficulty walking, sitting or standing, or looking uncomfortable
 - Finding it hard to sit still for long periods of time (where this was not a problem previously)
 - Spending longer than normal in the bathroom or toilet due to difficulties urinating
 - Having frequent urinary, menstrual or stomach problems
 - Avoiding physical exercise or missing PE
 - Being repeatedly absent from school, or absent for a prolonged period
 - Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
 - Being reluctant to undergo any medical examinations
 - Asking for help, but not being explicit about the problem
 - Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out

- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl:
 - Having a mother, older sibling or cousin who has undergone FGM
 - Having limited level of integration within UK society
 - Confiding to a professional that she is to have a “special procedure” or to attend a special occasion to “become a woman”
 - Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
 - Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
 - Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
 - Being unexpectedly absent from school
 - Having sections missing from her ‘red book’ (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the ‘one chance’ rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority’s designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fm@fco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Preventing radicalisation

- Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups
- Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces
- Terrorism is an action that:
 - Endangers or causes serious violence to a person/people;
 - Causes serious damage to property; or
 - Seriously interferes or disrupts an electronic system

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period. Staff will be alert to changes in pupils' behaviour.

The government website Educate Against Hate and charity NSPCC say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL.

Staff should always take action if they are worried.

Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff and to leave their belongings, including their mobile phone(s), in a safe place during their visit.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign the visitors' book and wear a visitor's badge.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or
- The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Non-collection of children

If a child is not collected at the end of the session/day, we will contact the parents, our DSL and deputy will look after the child and we will record this in CPOMS.

Missing pupils

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, we will report this to the police.
